REASON(S) FOR AMENDMENT

Based on the User Agreement for the .EDU Domain (Proposed Version 20040916) and the Implementation Process for the .EDU User Agreement (Proposed Version 20040916) proposed by the Recipient, and approved by the NTIA Federal Program Officer via memorandum dated September 20, 2004, approval is hereby granted for the implementation of the User Agreement between EDUCAUSE and .edu registrants and the change to the .edu eligibility requirements. The eligibility requirements are defined in the attachment to this amendment.

This amendment should replace the September 29, 2004 approval letter to Mr. Mark Luker from Ms. Beverly Manley, Grants Officer, Office of Acquisition Management.

This Amendment approved by the Grants Officer is issued in triplicate and constitutes an obligation of Federal funding. By signing the three documents, the Recipient agrees to comply with the Amendment provisions checked below and attached, as well as previous provisions incorporated into the Award. Upon acceptance by the Recipient, two signed Amendment documents shall be returned to the Grants Officer and the third document shall be retained by the Recipient. If not signed and returned without modification by the Recipient within 30 days of receipt, the Grants Officer may unilaterally terminate this Amendment.

ELIGIBILITY REQUIREMENTS

Modify the .EDU eligibility requirements to comprise two categories of organizations. Category 1 would be labeled "Accredited Institutions"; Category 2 would be labeled "System/District Offices". Category 1 would contain the current eligibility criteria (postsecondary institutions accredited by one of the agencies on the Department of Education list of National Recognized Accrediting Agencies). Category 2 would contain this text: "University system offices, state coordinating offices or boards, community college district offices, or equivalent entities located within the United States which have as their principal activity the management and governance of a collection of 'Accredited Institutions' that themselves meet the eligibility criteria for .EDU. Each entity, in order to qualify under this category, must be commissioned, established, or recognized by a state, local or national government to perform this management and governance activity."
